

AQUACADABRA

Fish keeping with a touch of magic

Dear Aquatic Enthusiast

We pride ourselves on the quality of our service and our continual marketing surveys ensure that we always offer **the most competitive prices**. As usual, our latest **pond catalogue** reflects this with many **great deals on hundreds of products**.

We hope you will find everything you need in this catalogue but we always appreciate any recommendations for products we do not list. If there is a particular item that you don't see in our price list, please give us a call. It is not possible to list everything we stock and we may just have the item you're after.

If you need help or advice on any product, please give us a call. All members of our staff are extremely knowledgeable and will be more than happy to help in any way they can.

Price Promise

If you see any item advertised cheaper elsewhere, we will do our best to match (or beat) the price. It doesn't happen often because we are the price setters but if we are more expensive on anything please call and tell us. You will be surprised what we can do!

Don't delay – order today

Having studied our price list, you can place an order by mail or fax. You will find an order form on the last page of this booklet. Alternatively, you can telephone your order on **01322 351673** or you can submit an online order via our website – www.aquacadabra.co.uk.

Your goods will normally reach you within 7 to 10 working days. If you order a product that is temporarily out of stock, we will tell you when you order so that you know how long you might have to wait. In most cases, we usually manage to deliver such items within the normal 7-10 days.

Your goods should always reach you in perfect condition. In the unlikely event your order is lost or damaged in transit, contact us immediately and we will replace the damaged or missing items.

Please note:

All prices are correct at the time of preparing this pricelist but our prices are updated every week. Always check with us before ordering to ensure that the price you have is correct.

REMEMBER ... Aquacadabra are number one for prices.

**We will match or beat most advertised prices so
please give us a call if you find it cheaper elsewhere.**

Check out our amazing offers
